About the CAS

Founded over 100 years ago, the Casualty Actuarial Society is a global leader in general insurance, with a growing membership of actuaries working in nearly 50 countries around the world.

About the Program

- This free eight-week virtual academic summer enrichment program gives students a head start on a successful career path by strengthening their understanding of key concepts in actuarial science used in the general insurance, risk management, or finance industries.
- Topics covered include:
 - Pricing
 - Reserving
 - Predictive Analytics
 - Hot Topics such as Reinsurance, IFRS-17, and InsureTech
- Students will complete weekly modules and written assignments in English, join weekly discussions in either English or Mandarin with professional actuaries, participate in a case competition team to solve a real-life actuarial problem, all while building presentation, teamwork, networking, and other soft and technical skills.
- Program Dates: July 3, 2023 to August 27, 2023.
- Time Commitment: Approximately 10 hours per week.
- Students who successfully complete all program requirements will be awarded a certificate documenting their accomplishment.

Who should apply?

Current students who are:

- Attending university in China, Hong Kong, Japan, Malaysia, Philippines, Singapore, South Korea, Taiwan, Thailand, or Vietnam. Students in other countries should visit <https://www.casstudentcentral.org/summerprogram/> for more information about our other summer programs.
- Majoring in actuarial science, mathematics, statistics, or a related field.
- Questions? Email international@casact.org
